Welcome to revamped newsletter

At the time of last year's General Election, we held our own voting session at Kelvin House.

Over the week we asked every patient who attended for their opinion on various designs for a new practice logo.

One design gained over 80% of your votes and that just happened to be our old logo which was

beautifully drawn by local award-winning graphic designer and artist John Tribe!

We have therefore gone back to the drawing board and simply updated the font to give it a slightly more modern feel.

This is the first practice newsletter to feature the 'new' design. I hope you like it!

Whitstable Castle Wedding Fair Sunday 20th March 10 am to 4pm Free Admission

Social 6 braces have really taken off and have proved to be an incredibly popular option for brides and grooms who want to get their smile in tip-top condition for their wedding day.

The fact that most treatments can be completed in just 12 to 18 weeks means that it easily fits into most wedding plans.

We will be demonstrating the fantastic results achieved by Social 6 braces at the Castle Wedding Fair and also be there to answer any general questions to do with dentistry.

If you can think of anyone who would be interested in finding out more, then please tell them to come along to this free event.

New decontamination room

We are very proud to announce the commissioning of our new decontamination room.

The room is specifically designed to fulfill 'Best Practice' requirements as laid down by the latest cross-infection control guidelines.

The safe treatment of patients is always on the top of our agenda and the new room will enable us to carry this out more efficiently

and to the highest possible standard.
