Private and Denplan Fees 2020/21

This is intended as a guide. Fees are dependent upon the time taken, the complexity of the treatment and the cost of the materials/laboratory work. For Denplan® patients, the laboratory fee is normally about 35-40% of the full private fee.

We will give a written estimate to all patients before starting any major treatment.

Unlike the majority of practices, we do NOT charge extra for radiographs
